

2013 CRAIN'S
Best-managed
NONPROFIT
FINALIST

Clinton River
Watershed Council

Jim Nash
Pure Oakland Water
One Public Works Drive
Waterford, MI 48328

April 21, 2014

Dear Mr. Nash:

The Clinton River Watershed Council is pleased to accept the financial assistance from Pure Oakland Water (POW) for \$3000 for the staffing of two paid interns for 2014. This internship will include participation in water quality monitoring, volunteerism, stewardship, data entry and field ecological data collection.

We have identified two individuals that fit nicely into our program and are both attending local universities for environmental studies. The assistance from POW is greatly appreciated and critical in advancing the work we do here in the watershed for the education and stewardship of our water resources.

These two interns not only will be working from May until October but will be available to assist at CRWC and POW events as part of their internship.

Again, we thank you for this opportunity with POW. If you have any questions, please do not hesitate to contact me. I have enclosed an invoice for the internship allocation.

Best Regards,

Anne M. Vaara
Executive Director
